

A. Page 10, line 20, delete "decode portion can identify and distinguish" and insert therefor --decode portion can identify and distinguish--.

B. Page 10, line 29, delete "having been truncated to 32 bits. Of course" and insert therefor --having been truncated to 32 bits. Of course,--.

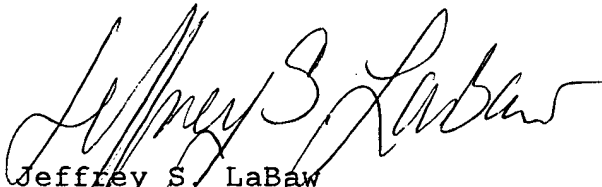

C. Page 15, Line 24, delete "Figure 1 is" and insert therefor --Figure 1 are--.

D. Page 15, Line 31, delete "Figure 1 is" and insert therefor --Figure 1 are--.

Remarks

The changes submitted in the amendment of April 5, 1994 have been resubmitted in this paper. The changes have been labeled A, B, C and D and been marked on attached copies of pages 10 and 15 of the specification in blue ink. It is believed with the attached papers that these changes have clearly defined insertion points and thus the amendments can be made by the Examiner.

Respectfully submitted,

Jeffrey S. LaBaw
